Creative Classwork

Visiting Artists at Center School

Spring of 1999 marked the twelfth annual Visiting Artist Program at Center School in Mattapoisett. Local artists met with students during regularly-scheduled art classes. They discussed and demonstrated their area(s) of expertise. Upon completion of each presentation, the students participated in a related hands-on experience. The events were rewarding for all involved, and especially for the students.

This year's Visiting Artists were Lori Bardwell (quilt making), Anthony Days (perspective drawing), Carolyn Dlouhy (mural painting), Angie MacDonald (pottery), Michael McCarthy (antique style bird carving), Peter Paige (wood burning), and Michael Vasicek (wood carving/macrame). Funding for this year's program was generously provided by the Mattapoisett Parent-Teacher Association (PTA).

Center School Class of '49 Reunion

The fiftieth reunion of the 1949 Mattapoisett Center School ninth grade class was held on Sunday, August 8. Ms. Gertrude Soares, Dr. Gus Silveira, and Ms. Judith Gurney organized the event which was attended by 29 classmates and spouses.

A reminiscent tour of the school, led by Mr. John Murphy, the present principal of Center School, preceded a luncheon and program at the Mattapoisett Inn. Various posters with photos and newspaper articles from the past showing 1949 classmates involved in various school activities were on display.

The Senior Class advisor and outstanding teacher, Ms. Marjorie Root, and principal, coach and outstanding teacher, Mr. Roland Weeks, were honored at the luncheon. Dr. Silveira served as Master of Ceremonies during the program and various classmates and teachers reminisced and spoke about their current lives. A good time was had by all!

Marion Selectmen's Meeting

August 17, 1999

By Kenneth J. Souza

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, August 17 at 7:00 pm by Chairman Loretta B. Schaefer. Also present was Selectman Jonathan "Jody" Dickerson. Selectman Albert E. Winters, Town Administrator Ray Pickles, and Secretary Helene Craver were not present for the meeting.

After unanimously approving the minutes of the August 3 meeting and signing the treasury warrants for the week, the board met briefly with Diane Lopes Flaherty who wished to voice her concerns over the high rate of truck traffic along Point Road off Route 6. The heavily-residential area is posted for speed limits between 25 and 35 miles-per-hour, yet Ms. Flaherty noted that many commercial trucks travel at much higher speeds.

"I don't know what regulations or resources you have, but I'm concerned that only three signs are posted ... and one isn't clearly visible," Ms. Flaherty said. "I've talked with other neighbors, and they've become very

complacent. The police have been helpful, but I'm concerned that some elderly neighbors have to cross the street to get their mail. Maybe additional signs would help?"

Selectman Dickerson agreed that particular stretch of road has been a real problem since it has been repaved, inviting drivers to travel at greater speeds. "They're using it as a short-cut to Route 195," he said. "I can talk to the police chief about having the State Police regulate truck traffic ... and maybe look into more signs."

Planning Board, and Al Johnson of the Board of Health (BOH) to discuss the town's future needs for a townwide Global Information Systems (GIS) software system.

"Over the last couple of years, it has become evident that GIS is here to stay and can be very helpful if used properly," Mr. Hayes said. "Various departments in the Town House have decided it's something they want to use in the future. Last year, the Board of Health and Planning Board both had requests in their budgets for GIS software ... the FinCom asked them if they'd be willing to hold off until we could have a system which would 'plug and play' with other departments."

Mr. Pratt said he attended a conference in February touting the various competing GIS software packages. "If you don't plan and organize for it, you end up paying for it," he said. "I was very impressed with a study (that was done) for Harwich. It's really time to do a study. I suggest we send out a Request for Proposals (RFP) to vendors for a townwide study. I think the time is right and we'd like to move forward."

"We really should have (the study) done before departments submit their budgets," Mr. Hayes added. "We've encumbered \$6,500 for the initial study. We've got seven departments and boards involved here ... we can start the RFP process now and let them know what we're doing."

The board agreed that a study seemed the best way to proceed, and Chairman Schaefer asked Mr. Pratt if he could submit a draft RFP for the GIS study by the next Selectmen's meeting on August 31 so they could send it out as soon as possible.

Under incoming correspondence, the board received a memo from Police Chief Brian J. Scott requesting that the following traffic/parking regulations be enforced for the upcoming 1999-2000 school year during the construction phase of the Sippican School

The board unanimously approved the Police Chief's request, which was also made in consultation with the school principle and general contractor. Selectman Dickerson also suggested that this information be sent to parents of children in Sippican School prior to school opening in the fall.

Linda Schuessler of Moorings Road sent a letter to the board regarding an attack on her dogs by two Akitas owned by Mr. Melcher who resides at 11 Spinnaker Lane. According to Ms. Schuessler, on Wednesday, August 4 the two dogs came into her yard late at night and attacked her Golden Retrievers, seriously injuring them. The board also received a written recommendation from Animal Control Officer Susan King advising that Mr.

FELINE HEARTWORMS

Can my cat get heartworms?

Unfortunately yes. Cats that go outdoors and are bitten by mosquitos are at risk of developing heartworms.

I thought that dogs were the only animals to get heartworms.

Dogs, cats, as well as ferrets can get heartworms.

What are the signs of heartworms in cats?

Sudden difficulty breathing sometimes leading to death occurs occasionally. Other signs include coughing, gagging, vomiting and weight loss.

What should I do about heartworms in my cat?

If your cat goes outdoors, talk to your veterinarian about heartworm testing and giving your cat a month heartworm preventative.

Melcher's two Akitas be restrained at all times since this is the second attack in which they've been involved. The board unanimously voted to issue a restraining order on Mr. Melcher's dogs as per Ms. King's recommendation.

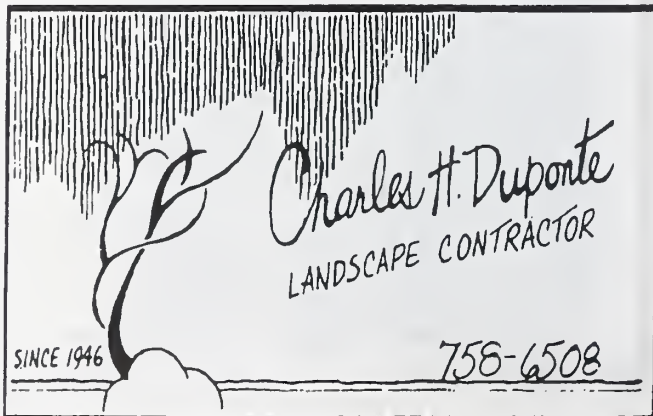

In other matters, the board:

- Agreed to take under advisement a request from Fire Chief C. Robert Davis to declare the department's old Engine 3, a 1975 Ford F-750, as surplus equipment.

- Unanimously voted to extend the work hours on the Sippican School project until dusk each day as per a request from the contractor and clerk of the works.

"There's been a delay in construction, and they're trying to finish and get the building safe in time for the start of school," Chairman Schaefer said. The board stressed, however, that work should not proceed past dusk.

- Received a letter of resignation from Edwin "Ted" Pratt Jr. who is stepping down from both the Marion Scholarship Fund Committee and Planning Board effective November 1, 1999. Mr. Pratt has accepted a new position as the Director of the National Association for

Temple Leather

Generously oversized, this top grain, tufted leather chair from Temple is imposing. It commands respect with a definite air of comfort and permanence. And with Temple's eight way hand tied coil spring construction, double doweled hardwood frame, and marshall spring unit back, this chair will indeed become a permanent part of your home.

Leather is a natural material that "breathes" for comfort, won't stretch out of shape, resists fading and tearing and will outlast fabric at least four to one. Each chair is unique with a burnished and crackled appearance which becomes more beautiful with age. Antique, brass nails enhance the base. Pancake bun feet in polished hardwood are available in chestnut, mahogany, oak, golden cherry and white wash.

Registration for the United States Power Squadron Boating Course will be held at 7:30 pm on Tuesday, September 14 at Old Rochester Regional High School (Route 6 in Mattapoisett, near the Mattapoisett/Marion line). Any boater who successfully passes a basic boating course receives a savings on boat insurance. Boaters who participate in such a course have better safety records and are a lesser risk to marine insurance companies. In addition, youth under the age of 16 must pass a boating course in order to operate motor boats of any horsepower. This requirement is another incentive to attend a basic boating course.

At the close of the party, the winning ticket for the framed puzzle of the Mattapoisett Harbor was drawn. Irene Lamarche of Dartmouth was the lucky winner!

Now, following weeks of effort with the help of the Sippican Lands Trust, the Open Space Commission has already begun to turn those words into action. They are pleased to announce an agreement to purchase 14.22 acres of land in two separate parcels, each of which could have been divided into several residential lots.

The larger parcel, located on Quail's Crossing, lies within the water-protection overlay district, adjacent to town wells, and drains into Benson Brook and the Sippican River. The other, smaller piece is an upland area

off Creek Road, adjacent to saltmarsh and to freshwater wetlands. Establishing this land as permanently protected open space protects the waters of Hammett's Cove, which the Buzzards Bay Coalition (BBC) has identified as the area of Marion Harbor most threatened by algae-producing nutrient runoff (eutrofication).

The commission greatly acknowledges the generous participation of Sippican Lands Trust in this venture. SLT has agreed to commit a significant sum from its own resources plus additional money raised by private donations. The Open Space Acquisition Commission has promised Land Bank funds up to a maximum of \$106,000 when that money becomes available in March and June of the year 2000.

To further reduce the local cost, the commission will apply for a "community self-help grant" from the state. The commission knows that these properties meet important criteria for state funding, including the protection of water quality and biodiversity. Although the exact final figures are not yet known, the cost of the purchase to Marion taxpayers is certain to be well below the assessed value of the land. And, although purchased with the essential help of Sippican Lands Trust, the properties will belong wholly and irrevocably to the Town of Marion.

The members of the Open Space Acquisition Commission, encouraged by the public support they have received, believe they have made a good beginning. They trust that the people of the town will share their excitement about this unique opportunity to move forward actively and vigorously to protect water quality and preserve green space. They encourage and welcome suggestions from the community. The commission meets at 7:00 pm every second and fourth Wednesday of the month. Meeting times and dates are posted in the Marion

Harmonizers in Acushnet

Saturday evening, August 28 will mark the final 1999 concert of the popular "Music at the Meetinghouse" free summer concert series, featuring the ever-popular Harpoon Harmonizers, barbershop music performers extraordinaire. Summer 1999 has been the twelfth annual season of the popular concerts.

Held on the lawn of the 1759 Long Plain Friends Meetinghouse at 1341 Main Street in Acushnet, both the bucolic venue and the nostalgic songs of the award-winning group tend to transport the rapt audience to earlier, more tranquil days of the region.

The concerts start at 7:00 pm and FREE tours of the historic Meetinghouse and its museum are offered from 6:00 pm. At intermission, free refreshments and hot and cold drinks are served by the volunteers of the Friends of the Friends Meetinghouse. Please bring folding chairs and/or blankets. The Music at the Meetinghouse concerts are sponsored in part by the Acushnet Cultural Council, Tilcon-Capaldi, and BankBoston.

Mattapoisett Board of Assessors

The Mattapoisett Assessors' Office has been
diligently working on the Fiscal Year 2000 Revaluation.
The previous assessments are based on calendar year 1995
sales. The Fiscal Year 2000 values will reflect calendar year
1998 sales. Upon reviewing the sales, they have found
that sale prices have increased since 1995 with the greatest
increases having occurred in waterfront communities.
Increases in sale prices have varied in different parts of
town. Upon preliminary certification from the
Department of Revenue, the board will issue a press
release and have the proposed values available for public
inspection at the Assessors' Office and the Public Library.
The board hopes to have values available by late
September.

Mattapoissett Cultural Council

Each year the Commonwealth of Massachusetts makes funds from the Megabucks lottery game available for local community-based arts, humanities, and interpretative science projects and activities to benefit area residents. These funds are allocated statewide by the Massachusetts Cultural Council.

The Mattapoissett Cultural Council, a group of interested residents appointed by the Board of Selectmen, is charged with the task of informing the local community, qualifying applicant, and dispensing these funds as allocated by the Massachusetts Cultural Council.

A Community Information Meeting will be held on Tuesday evening, August 31, 1999 at 7:00 pm in the Mattapoissett Town Hall. The purpose of this meeting is to receive input from the community about local cultural needs. It is also an opportunity for local residents to find out more about the operation of the Mattapoissett Cultural Council and more about the process for applying for MCC funds.

Hospice Volunteers Needed

The Hospice Community Nurse Association is beginning a 24-hour training program for volunteers. Hospice is a comprehensive program of care in which physicians, nurses, counselors, and other professionals keep patients comfortable and alert at home while providing emotional and other support services to themselves and their family.

Hospice staff will present such subjects as basics of terminal care, death and dying, patient care, family concerns, bereavement and spiritual issues. The training is designed to help volunteers provide friendship, support, and practice assistance to terminally-ill patients and their families. Volunteers also provide much-needed indirect support by assisting in the office, in advisory capacities, fund-raising, and the like.

No commitment is requested until after completion of the training, and volunteers may donate as little as a few hours of their time each month to fit their personal schedules.

Hospice of Community Nurse offers complete at-home care, without regard to age, race, religion, diagnosis, or ability to pay, to terminally-ill persons and their families in the towns of Acushnet, Dartmouth, Fairhaven, Freetown, Marion, Mattapoisett, New Bedford, Rochester, Wareham and Westport. To register or request more information, please call Gloria Richard at 999-3400.

MOVIE REVIEW

Film Flam

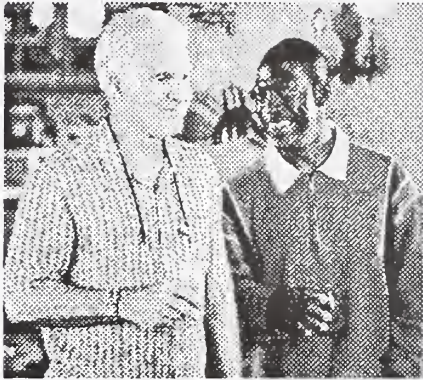

BY ROB GONSALVES
local@wanderer.com

■ **Bowfinger.** Starring Steve Martin and Eddie Murphy. Directed by Frank Oz. Running time: 97 minutes. MPA rating: PG-13. At Cinema 12 at the North Dartmouth Mall and Flagship Cinema in New Bedford.

Steve Martin has to eat, so every couple of years he lends his face (and not much else) to a *Sgt. Bilko* or an *Out-of-Towners*. Those aren't real Steve Martin films; the genuine articles are the ones he writes himself. Martin had a hand in writing some of his earlier comedies, but it wasn't until *Roxanne* in 1987 that he sat down and hammered out a script on his own; the result was a graceful promotion, a step up from slapstick to more subtle and character-driven comedy. (In essence, as a writer-actor, Martin is like Albert Brooks without the self-loathing.) His subsequent scripts, most notably *L.A. Story*, have been fine enough to make many of us wish Martin would type "Fade in" and "Fade out" more often.

Bowfinger, which Martin wrote, finds him in ideal circumstances. He's working with Frank Oz (*Little Shop of Horrors*, *Dirty Rotten Scoundrels*), the only director aside from Carl Reiner who really knows what to do with Martin. He's surrounded by a dependable comic ensemble of familiar and unfamiliar faces. He's tackling the subject of moviemaking, always fertile soil for farce. And he's working with Eddie Murphy (in not one but two roles), a historic pairing that's all the more satisfying for being in a good movie. (*Sgt. Bilko* united Martin and Dan Aykroyd for the first time on the big screen, but blew it.)

Except for a few frantic moments, the character Martin has written for himself — Bobby Bowfinger, ambitious and luckless movie producer — is almost a straight man. Bowfinger has gotten his hands on an action script — *Chubby Rain*, a nonsensical alien-attack thing that he thinks is perfect for Hollywood's reigning star, Kit Ramsey (Murphy). Problem is, a star of Kit's magnitude wouldn't spit on Bowfinger if he were on fire. So Bowfinger devises a sneak-attack strategy — guerrilla filmmaking as a covert operation. He'll shoot the movie around Kit, catching footage of a baffled Kit interacting with the movie's cast, and use a dorky lookalike — Jiff, also played by Murphy — as a stand-in.

Martin and Aykroyd looked ill at ease together in *Sgt. Bilko*. Trapped inside the idiot plot, they knew they were better than the material. By contrast, Martin and Murphy seem absolutely natural together. Mostly, the team-up is *Bowfinger* and Jiff (the producer has limited access to Kit), and Jiff brings out a weird gentleness in both Murphy and Martin. *Bowfinger* doesn't have tons of big laughs (though it does offer a few); it has a lot of soft, affectionate laughs rooted in the way the characters interact. Heather Graham, for instance, drops into the movie as an eager ingenue who's more than meets the eye, and Martin and the other actors work with her so comfortably that she gives perhaps the first good performance I've seen from her.

Bowfinger isn't really about making movies. It's about being in the movie business — finding a home there. Bowfinger doesn't want to make movies; he wants to have made them, and he wants the status of getting big stars to be in his movies. For Martin, Bowfinger is the essence of Hollywood, which cares more about making deals than making movies. A low-budget outsider like Bowfinger should be concentrating on pulling together small projects within his means; instead, he's shooting for an alien epic starring the world's biggest action hero, on the kingly budget of \$2,184. *Bowfinger* is a showcase for wit, and it's a testament to Martin's literary skills that he's incapable of writing a bad script, even on purpose: Even the forlorn *Chubby Rain*, with its surreal scenes of cops melting and high-heeled women intoning "You prefer alien love!", looks more interesting than most of the Kit Ramsey-type stuff we get every summer.
